Dear GO Kingfish Families:

The University of Ottawa has informed us that their pool has been closed due to mechanical issues as of October 08, @ 5:00pm. These mechanical issues are being repaired and are expected to take one week. This will affect our regular GO Kingfish programming.

Our Go Kingfish staff has worked diligently to provide alternate programming during this period.

Please review all our updated practice schedules on our Go Kingfish website under [Training Schedules](#).

We have also attached your respective groups training schedule to this email.

Again, uOttawa is closed due to maintenance issues. It is expected to be open again on Thursday October 17, 2019 @ 5:00am.

We will keep you informed of the progress, periodically, during this period. Please contact your respective coach if you have any immediate questions and/or visit our www.gokingfish.ca for all updated news and events.

We hope everyone has a great weekend and Happy Thanksgiving.
