Topic: uOttawa Maintenance
Date: October 15, 2019

Dear GO Kingfish Families:

The University of Ottawa has informed us that their pool will be open as of Thursday October 17, 2019 @ 5:00am.

The mechanical issues have been repaired and they are testing all systems today and Wednesday.

Thus, our regular schedules will resume on Thursday October 17 for all groups @ uOttawa.

We would like to thank all our swimmers and families who attended our various locations over the last week.

Our Go Kingfish staff worked diligently to provide alternate programing during this period and it was awesome to see how many swimmers attended the alternate programming.

Again, uOttawa has fixed their maintenance issues and will be open again on Thursday October 17, 2019 @ 5:00am.

Please review your practice schedules on our Go Kingfish website under [Training Schedules](#).

We hope everyone had a great Thanksgiving weekend!
